Regional Roadmap meeting – Core Objectives (1/1)

- **Risk Assessment, Surveillance & Control Strategies** – Review the epidemiological situation of FMD and PPR, assess past and ongoing surveillance efforts, and identify gaps and address challenges to strengthen monitoring, vaccination, and control measures.
- **Roadmap Implementation, Progress Review & Strategic Updates** – Evaluate national and regional progress on FMD and PPR control strategies, follow up on past recommendations, and update roadmaps with oversight from the Regional Advisory Group (RAG).
- **Capacity Building & Governance Strengthening** – Enhance the application of stepwise approaches (PCP-FMD, PMAT) and PPR GCES tools, reinforce RAG's role in monitoring implementation, and support laboratory and epidemiology networks.
