

A photograph of three fishermen in traditional orange clothing and conical hats, using large circular nets to fish in a pond with lily pads. The scene is captured from a high angle, showing the fisherman on the left, the fisherman in the middle, and the fisherman on the right. The water is dark, and the lily pads are scattered across the surface. The fisherman on the left is holding a large circular net, the fisherman in the middle is holding a large circular net, and the fisherman on the right is holding a large circular net. The fisherman on the left is looking towards the camera, the fisherman in the middle is looking towards the camera, and the fisherman on the right is looking towards the camera.

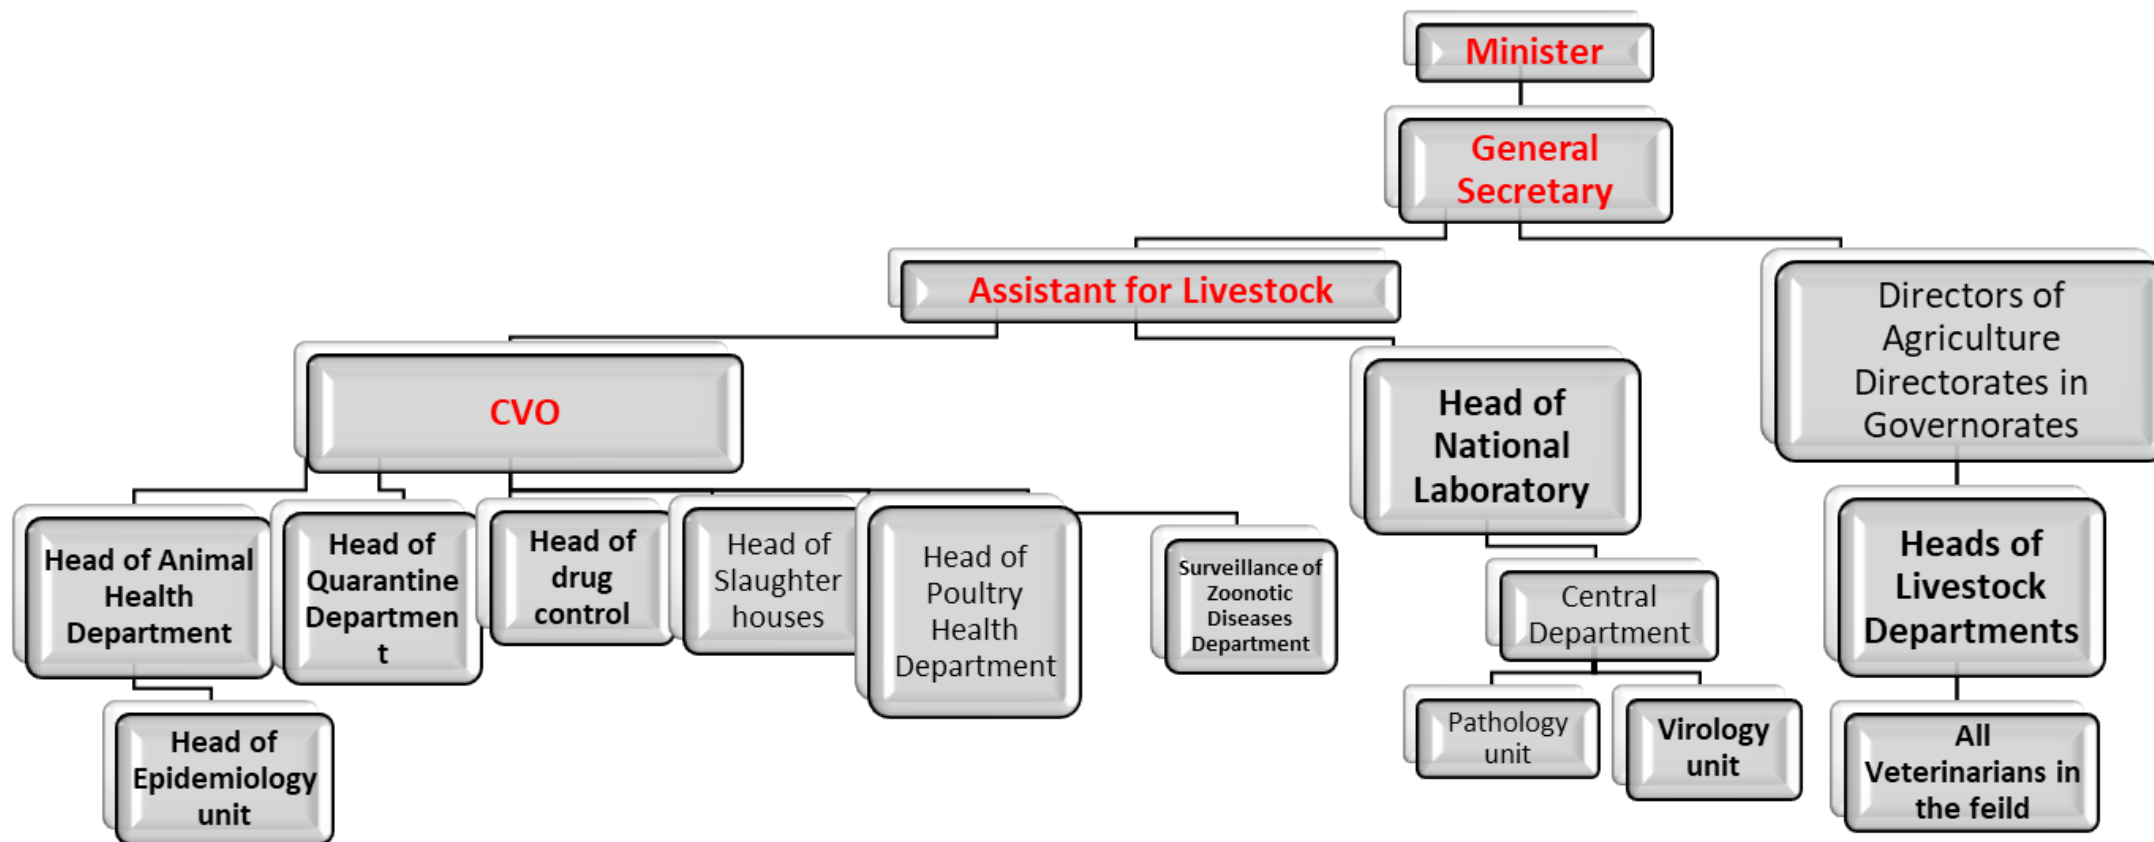

# Recent PVS Achievements in Jordan

## Structure/organisation of the Veterinary Services in [Jordan ]

the main strengths and weaknesses of the Veterinary Services in [Jordan ]

## Strengths

- Regulatory frameworks improved
- Animal identification system
- Regular notification to WOAHP about animal health situation
- Ambitious project for disease free zone in Maan
- Good laboratories (central)
- Some quarantine facilities

## Weaknesses

- Lack of real strategy
- No authority of CVO on the whole veterinary domain
- Understaffing (official vets/ Paravets)
- Lack of emergency funding
- Weakness in passive and active surveillance
- No delegation for any official activities to the private
- No program for continuous education
- Weak consultation between different parties

## Priorities for the next 5 years of the Veterinary Services in [Jordan ]

- Control animal and zoonotic diseases (priority list diseases)
- PPP
- Enhance quarantine and laboratories
- Increase consultation between veterinary parties and health
- animal welfare

The main achievements and outcomes following the recommendations of the PVS Evaluation (or any other PVS activities (if any) of the Veterinary Services in [Member]

- Enhance surveillance system
- Electronic integrated diseases surveillance system EIDSS
- SOPs
- Training
- PCP-FMD Stage 2

---
