

Exercise 5:

Drafting your PVS Pathway National Roadmap

PVS Pathway Regional Orientation Training Workshop for Middle East
06-09 February 2023,
Amman, Jordan

Objectives

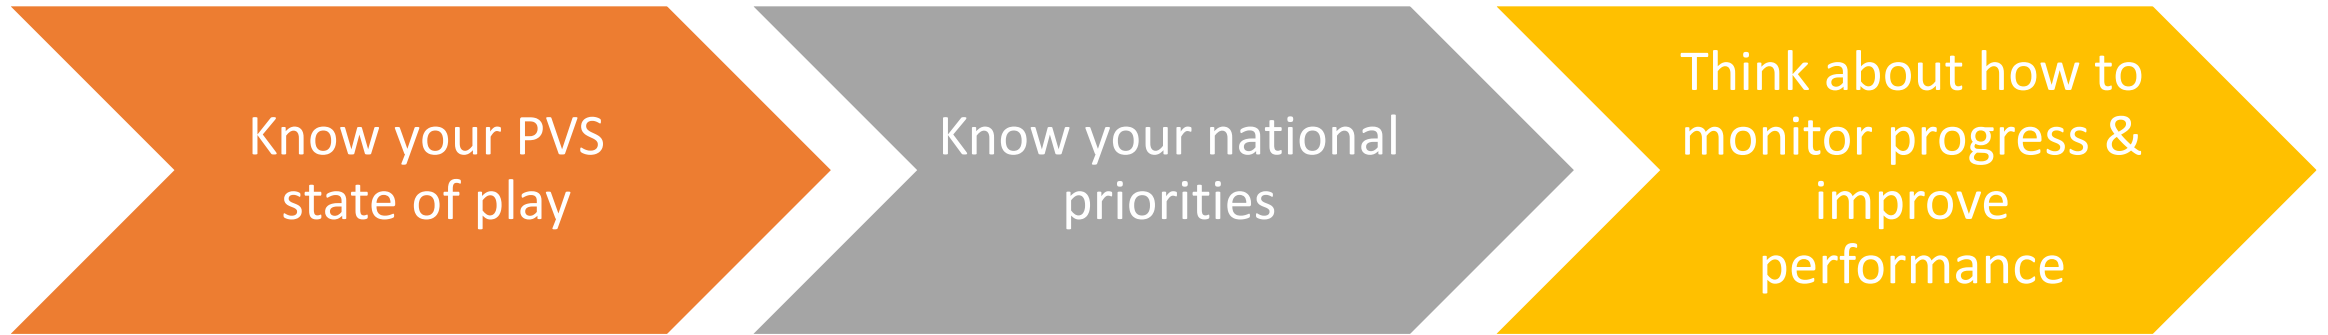

Goal: To monitor progress and support capacity building of VS to improve its resources and capacity in line with WOAHA International Standards and play its role in national, regional, and global sanitary governance

- To align PVS Activities to Members' needs and priorities over the coming 5 years
- To facilitate coordination, cooperation, and networking among the Members of the region
- To support Members' sustainable engagement in the PVS Pathway
- To allow WOAHA to better support Members by delivering PVS Activities more effectively

What is a National PVS Roadmap?

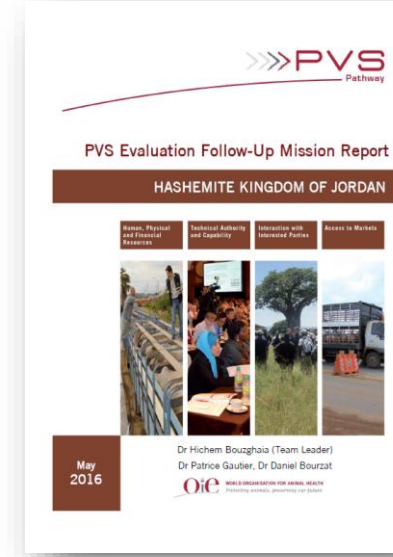

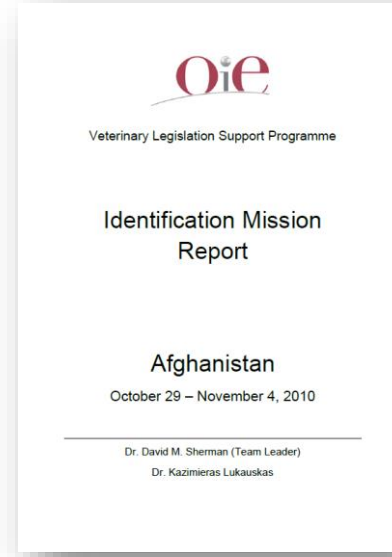

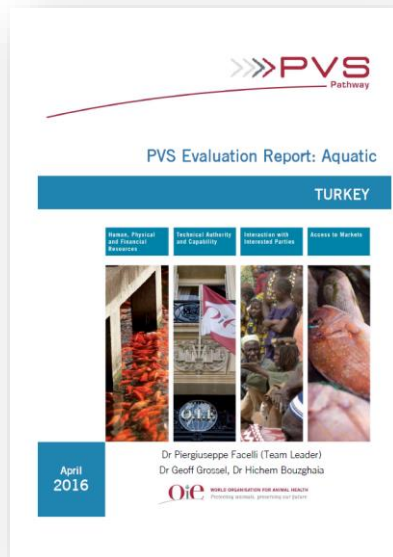

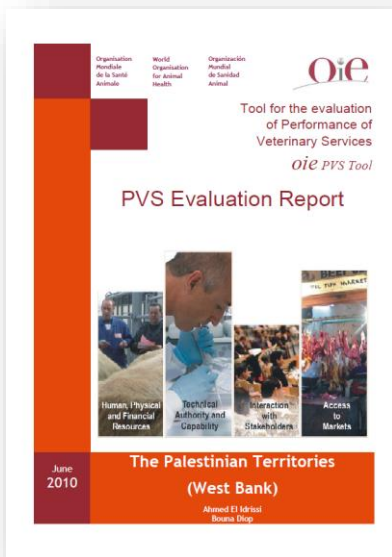

PVS Activities projected over the next 5 years, according to the priorities defined by Members, taking into account:

- Annual budgeting and planning cycle
 - National strategic planning exercises

Country Roadmap

Exercise: Describing your National Priorities

- 10 minutes
- Remember from your Country Presentations...You have listed your priorities for the next 5 years
- Write them and any other national priorities on post-its (one per White post-it)
- If you think of more, you can also write them down, but be sure that they high level and strategic in nature
- Examples:
 - Decrease imports/increase imports, status for PPR/Rabies other dz
 - AMR, Rabies, implemente meat inspection in every slaughterhouse
 - Harmonise legislation

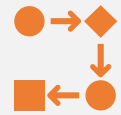

Tryland's National Priorities: Examples

- Increasing exports
- Increasing self-sufficiency in basic food of domestic production
- Reducing antimicrobial resistance in animals and humans
- Control over the use of veterinary drugs
- Strengthening the veterinary service (VS)
- Development of sales markets for private veterinary services

Next: Establishing your PVS Monitoring Cycle

PVS Evaluations to follow a 5-year cycle between baseline measurement and follow-up

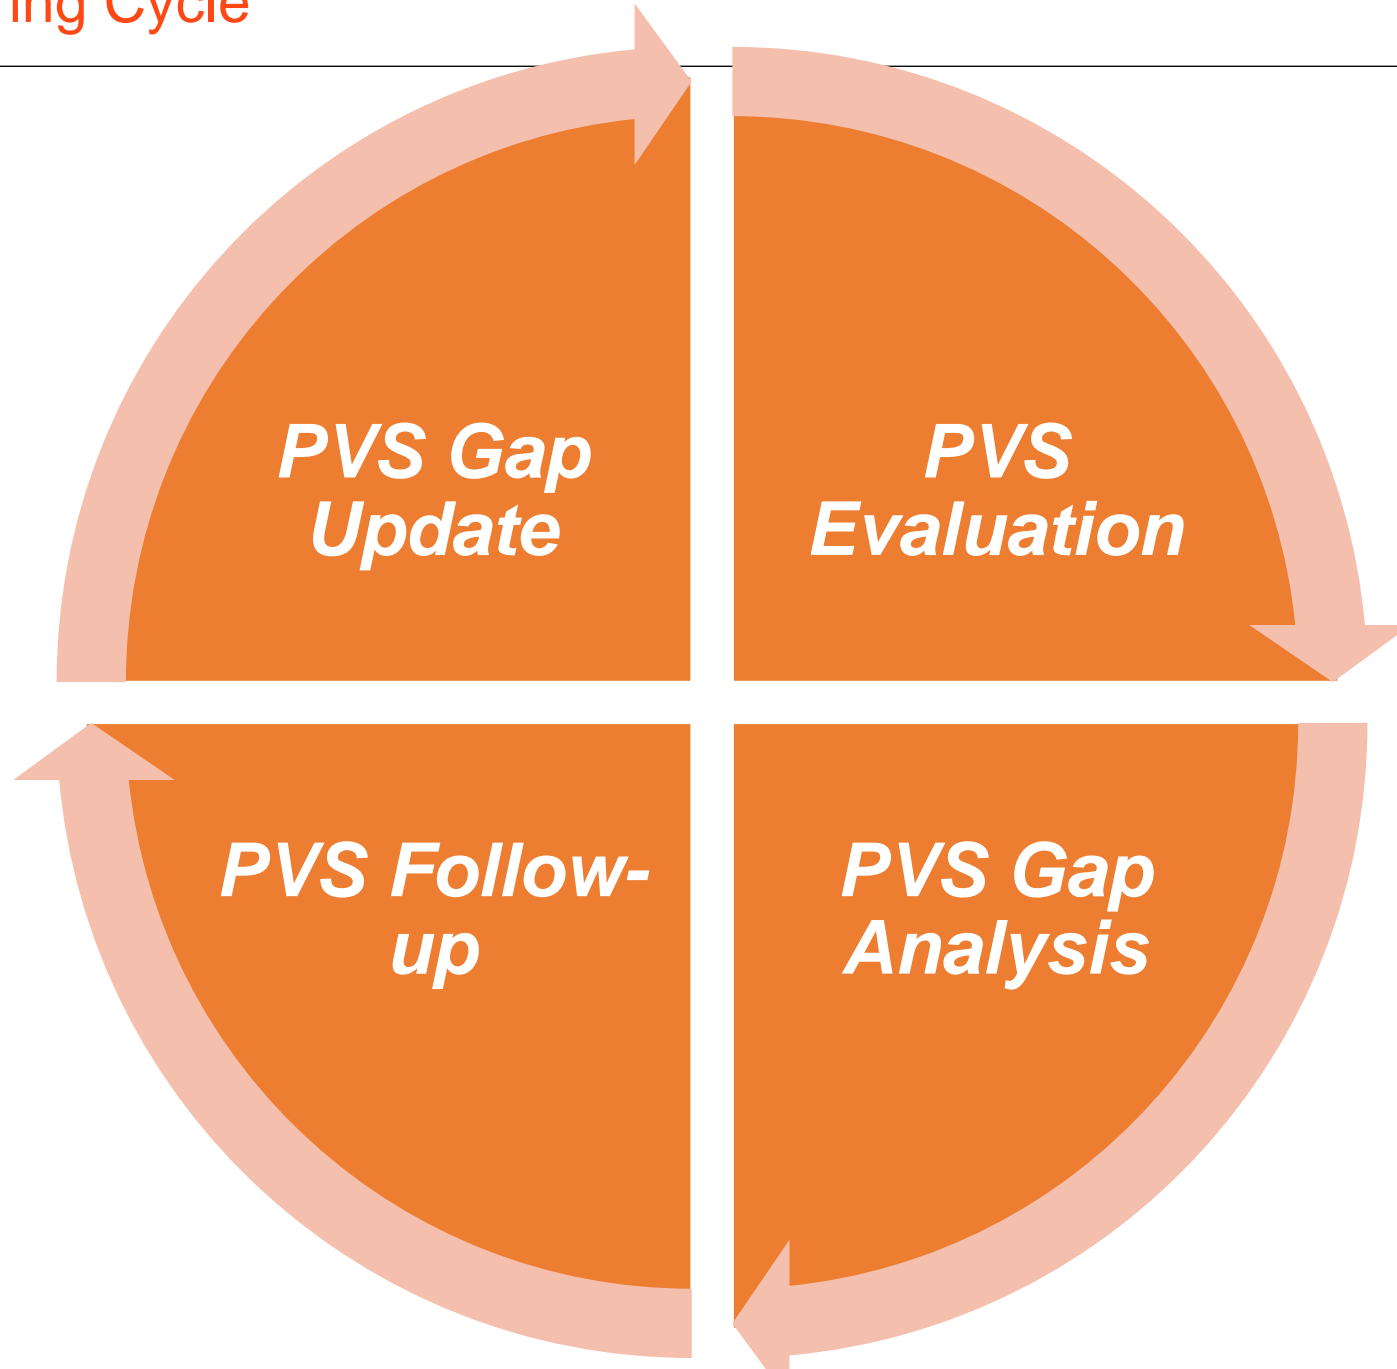

A PVS Evaluation is the first step before any other type of PVS Activity can be implemented

This allows the VS to be aware of all strengths, weaknesses, and recommendations for informed and evidence-based decision making

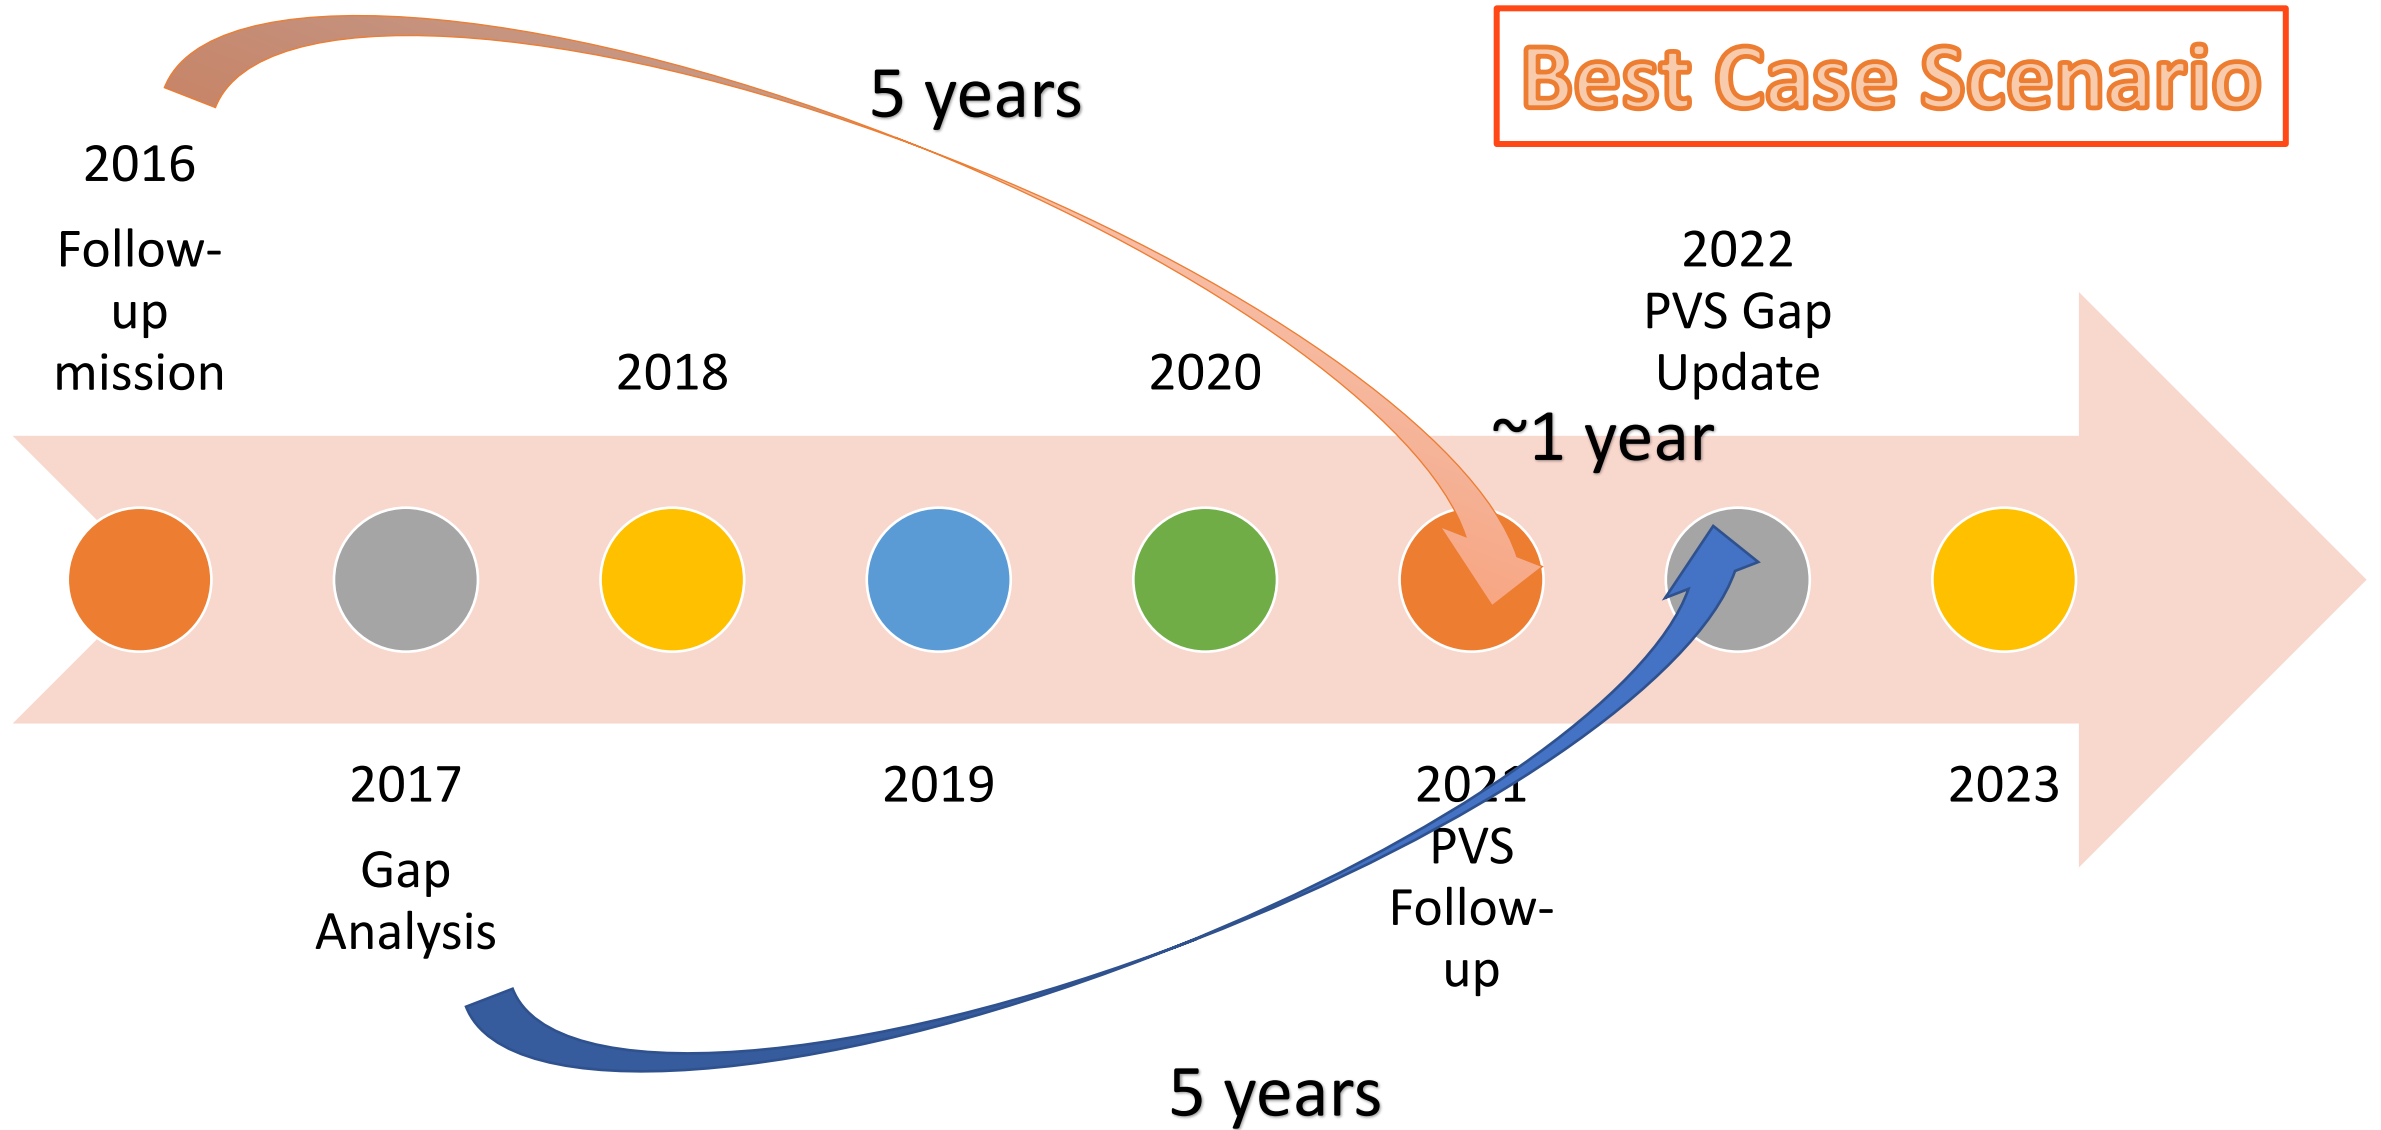

A PVS Gap Analysis is the next step following a PVS Evaluation to assist in defining priorities, establishing targets for the next 5-year period, determining activities needed to meet targets, and costing activities

Within one year is advised

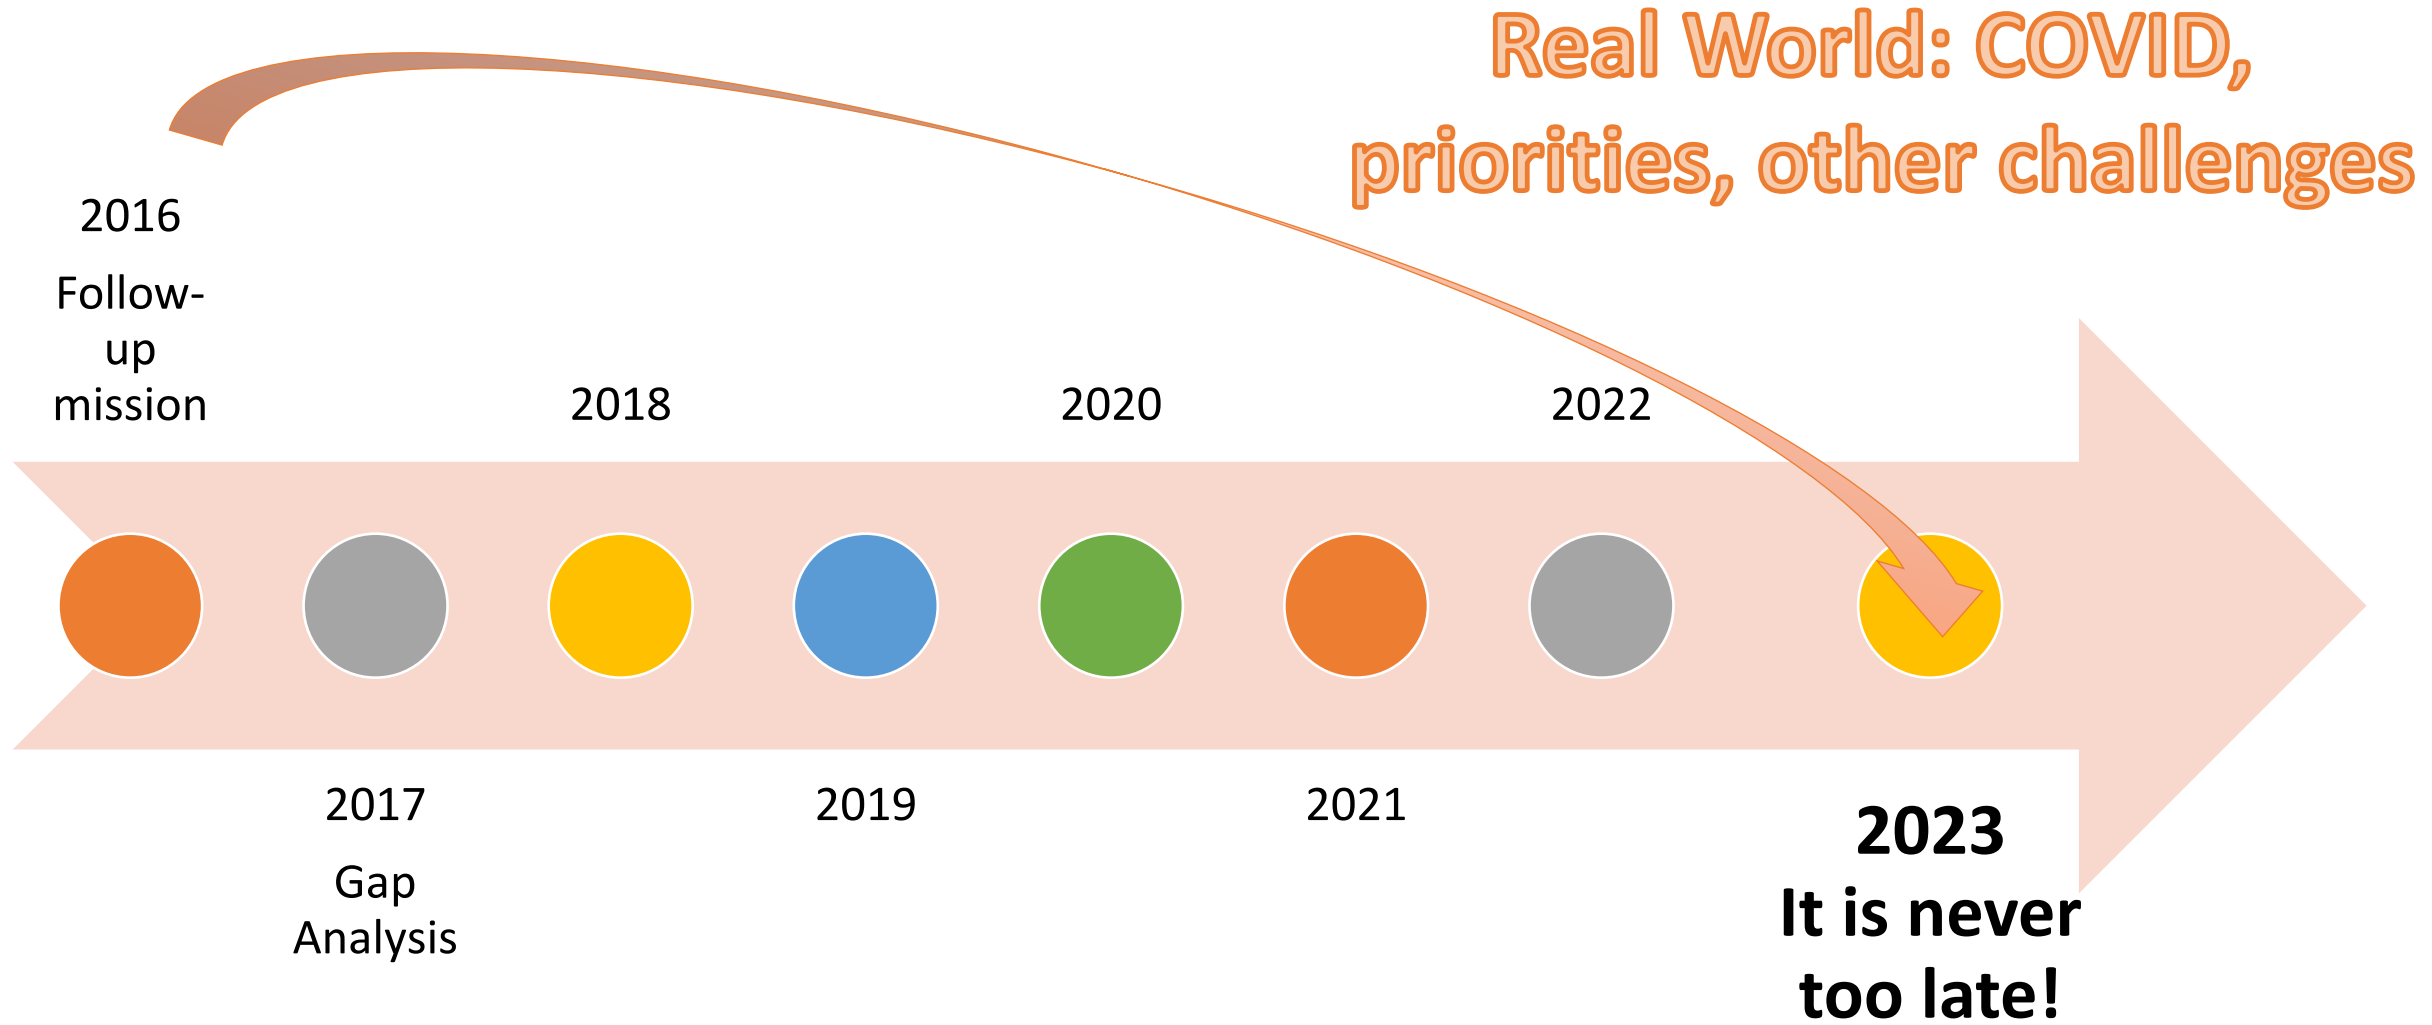

Next: Establishing your PVS Monitoring Cycle
